

CLAYTON TO RUN
SALT LAKE BEACHMay be Manager of Pavilion and
Railroad.

HIS CONTEST WITH BATEMAN

FORMER BELIEVED TO BE
CHOICE OF DIRECTORS.

COLONEL NEPHI W. CLAYTON has been practically decided upon for manager of the Salt Lake and Los Angeles railroad and Salt Lake Beach for next season. The official appointment has not yet been made, and there is still a possibility that it will be changed, but small probability that it will be.

There has been a warm contest between the friends of W. J. Bateman, the present manager of the railroad, and those of Colonel Clayton as to who shall be at the head of the project. The forces have been about evenly divided in the directorate of the road and beach companies, and the result has been in doubt for some time. The present intention is to combine the management of the railroad and pavilion, and Colonel Clayton, if he is finally chosen, will be at the head of both organizations. This means that J. T. McAllister, manager of the pavilion, will be superseded, as well as Mr. Bateman.

Colonel Clayton is now in New York, and is not expected to return for a month. There have been rumors that he would not accept, but the fact that he is his business associate, James Jack, has been his principal advocate, leads to the belief that he will take the position if it is offered him. Colonel Clayton, who is not manager of the Inland Crystal Salt company, was formerly manager of the railroad, so the position will not be new to him. If Colonel Clayton takes the management of the road, it is understood that the trains will be run out of the Oregon Short Line depot instead of out of the Rio Grande West-ern.

ROAD TO TOUCH TOOLEE.

Map of Leamington Cut-off Filed at
the Land Office.

The maps of the Leamington cut-off of the Oregon Short Line have been received at the land office yesterday. The map shows the proposed route of the road, which has hitherto been without direct connection with a railroad. The fact that the road will pass through the county seat is expected to have a beneficial effect on the town, and already real estate values are reported to be raised by people suspecting that such a road was contemplated by the Short Line.

The new route passes westward from Salt Lake around the point of the mountain, following generally the Toolee narrow gauge route to Terminal, continuing thence southward to a point below Leamington hill.

NEW CONSTRUCTION CO.

Corey Brothers & Alden Incorporated. (Special to The Herald.) Ogden, Feb. 25.—A railroad construction company, known as Corey Brothers & Alden, was organized yesterday in Ogden, with a capital stock of \$200,000, at \$100 per share. The directors and officers are A. B. Corey, president and treasurer; W. W. Corey, vice president; E. K. Alden, secretary; L. R. Rogers and Eva F. Corey.

Mr. Alden is of Portland, Ore.; Mr. Rogers of Salt Lake; Mr. W. W. Corey of Union, Idaho, and the other incorporators of Ogden.

Sale of Road Postponed.

Lake Charles, La., Feb. 25.—The sale of the Kansas City, Watkins & Gulf railway was postponed by agreement between the bondholders and stockholders have reached an agreement and will reorganize with J. B. Watkins as president. The railroad went into the hands of a receiver four years ago and has been developed into a good property. The road is 100 miles long and has terminals at Alexandria and Lake Charles, La.

Maps Are Filed.

The maps of the Milford & Beaver Railroad company were filed yesterday in the United States land office. The route is, as previously outlined in The Herald, running from Milford to Beaver, and thence a short distance beyond to the canyon. The company will hold a meeting early next month to take further steps toward the construction of the road.

Railroad Notes.

General Superintendent Calvin of the Oregon Short Line has gone to Idaho.

Accountant G. L. Hickey of the Oregon Short Line was back at his desk yesterday.

General Attorney C. O. Whittemore of the San Pedro will return from the west the first of the month.

John R. Barnes was down from Kayville yesterday on a business trip.

Part of the day he was engaged with the management of the Oregon Short Line railroad for the construction of a spur track to the Kayville Canning company's factory.

Assistant Chief Engineer H. M. McCarty of the San Pedro is making a careful inspection of the joint survey through Nevada. There are two or three points over which there is a difference of opinion between the San Pedro and the Oregon Short Line, and Mr. McCarty will look to see what the possibilities are of an agreement.

BURGLARIES ARE REPORTED.

Police Are Informed of Two Cases of
Robbery.

Two petty robberies were reported to the police yesterday and officers have been detailed to work on the cases. One of the burglaries was committed Monday night while the other, more open and daring, was done yesterday morning.

The second hand store of Warren, 246 South State street, was broken into Monday night and the contents of the cash drawer taken. The till was broken open and \$8.75 in money taken from the place, and no trace of the burglar was left.

A negro, who was formerly employed at the place, is suspected of the crime and is now under police surveillance.

Yesterdays morning the residence of John Smith, 558 East Third South street, was broken into by a young man who stole for the purpose of getting a meal. He called at the door and no one answering his knock, he entered the house. He ran back the front door and left with Mr. Smith's overcoat and a pair of shoes. He left the place before his presence was noticed by the occupants of the house.

EGGS TAKE A TUMBLE.

Price Falls to 25 Cents a Dozen
Retail Yesterday.

Eggs tumbled yesterday in price to 25 cents a dozen, retail. The high price which prevailed in the local market last week, on account of the scarcity of the product of the henneries, is said to have induced many poultry raisers in the farming districts to hasten their hens and to resort to all other known devices to force egg laying. At any rate more eggs are coming into the market each day, and the supply is now equal to the demand.

Deals in Realty.

H. J. Dinny has sold his residence on Logan avenue and Ninth East street to J. W. Smith of Ruby Valley, Nev., for \$5,000.

R. E. Anderson has purchased from Annie Hooper Caine, 31 by about 150 feet of lot 4, block 78, plat A, for \$5,000, subject to a trust deed for \$3,000. The property has a frontage of 31 feet on West Temple street and is situated between South Temple and First South streets.

To Erect Residence.

Judge Bierer is to erect a \$5,000 residence on Glen Miller's residence, 50x135 feet, north of Glen Miller's residence on North State street. The lot was sold by the Home Investment company for the low figure of \$1,100.

Will be a Broker.

W. H. Sweet, who for six years past has been president of the Mountain Ice company, has resigned his position to go into the brokerage business. Mr. Sweet handled the company a month ago and having bought an interest in the H. B. Cole Brokerage company, he expects to take up his new business by the first of March next.

THAT CHAPTER.
A Chapter on Scott's Emul-
sion often holds a prominent
position in the histories of
weak children.

The gist of that chapter
usually reads like this:
"Child weak and thin—
began with small doses of
Scott's Emulsion three times a
day—after a week appetite im-
proved—soon a little stronger
—child more lively—weighs
more."

And so it goes till the child
is reported well and strong.

Mrs. Devenish of Springville Sues
For Separation.

Provo, Feb. 25.—Harriet E. Devenish
of Springville has commenced an action
against her husband, Francis R. Devenish,
for separate maintenance. The complaint
sets out that defendant has for more
than two years refused to provide the
plaintiff and their two minor children
with the necessities of life. She asks
that three and one-half acres of land,
situated in Springville, be awarded her,
and for alimony. The parties were mar-
ried in Springville Jan. 17, 1890.

An injunction restraining defendant
from selling the real estate has been issued.
The following orders were made in the
Fourth district court:
Charles Digges et al. vs. L. V. Smith
et al.; demurrer overruled; fifteen days
to answer.

Kirsten Johnson vs. Lars Peter John-
son; divorce; set for March 7.

LOGAN CITIZENS PLEASED.

Withdrawal of Land From Entry
What They Wanted.

Logan, Feb. 25.—People in this locality
were pleased with the news in today's
Herald that the government had with-
drawn the land lying on the watershed
of Logan river, and the other streams
of the county. It is in line with the
demand made by the local convention of
citizens held here a week ago. The mat-
ter of having a forest reserve created is
being pushed by the Logan citizens, and
the members of the timber
reserve committee.

Tomorrow evening representatives of
the committee will meet with the city
council and ask that body to make pro-
vision for leasing of the land from the
state a strip of land a half mile wide
along each side of the head waters of
Logan river, and the two townships have
been pushed and surveyed by the
timber reserve committee.

"Regretting that we have not been
permitted to complete the work as
signed to us, and which we regard as
one of the greatest important in the in-
terest of all, we are, yours respect-
fully."

City Would be Generous.
It was stated at the meeting that
the great difficulty would be to con-
vince congress that there is no water
in Utah which is not already appropri-
ated, but it would not have been a
difficult matter to secure the assign-
ment of all of the reservoir rights of
Salt Lake City to the Utah & Salt
Lake, East Jordan, South Jordan and
North Jordan Canal companies, with
the municipality itself, if all would
agree to share in the cost of present-
ing the matter to congress and also
agree to a common plan of action.

However, it was stated, the obstruc-
tion of the North Jordan canal manage-
ment put a serious crimp in the project.

The sum of \$3,000 was raised by the
five canals to defray the cost
of securing the required engineering
data for presentation to congress in
seeking its favor by an appropriation
to carry out the reservoir project, and
only a little more than \$300 of this has
been expended. It is not regarded as
likely that any further efforts to se-
cure a congressional appropriation for
Utah lake improvements will be made.

Cooks and Waiters' Union to Give
Restaurants Eight Months' Time.

The word went the rounds of the so-
called unfair restaurants yesterday
that the Cooks and Waiters' union had
decided to give these places eight
months in which to thoroughly con-
sider the matter of signing a union
contract. It is the purpose of the
union, it is said, to maintain the boy-
cott on all the places and to keep ten-
cent on front of Bond's place, but to
use no more urgent methods than
these in trying to force the restauran-
ters to come to time. At the end of this
extended time, if the restaurants have
not reached some agreement with the
labor organizations, action will be
taken. It is understood, to force them
to sign a contract.

Yesterday pickets were kept in front
of Bond's restaurant, and members of
the union, with flaring signs, warned
the union men not to patronize the unfair
restaurants, will probably make their
appearance on the streets today. The
union men, however, neither deny nor af-
firm the report that they had decided
to give the unfair restaurants eight
months to make a final decision about
the six-day contract, but stated that
nothing definite could be given out un-
til after a meeting which will be held
some night this week, to be determined
upon later.

The restaurant proprietors look upon
the action of the union in granting
them longer time to make a decision
as a graceful way of backing out of the
fight. They declare that if the matter
dropped for eight months they do not
expect it to be brought up again.
